Welcome to our 2022 Holiday Catalog!

In the past few years, the Holiday Outdoor Decor team has continued to grow. We've added new locations, new products and new Design Consultants - all committed to helping your organization spread the holiday spirit.

At the same time, we've made significant investments to our website and doubled down on our commitment to the environment. Together, these changes mean that while our company and offering is bigger than ever, this issue of our catalog is actually smaller!

While you'll find our most popular items within these pages, the website includes a wider selection, as well as new products that are released after this issue has been mailed. Whether you use the catalog or the website, there's always a Design Consultant ready to help make your holiday shine a little brighter.

– The Holiday Outdoor Decor family

Coming December 2022

Holiday Outdoor Decor's NFT Photo Competition!

Starting December 1st, Holiday Outdoor Decor is hosting a Christmas Photo Competition for our customers and friends. To enter, submit a photo of your decorated Main Street, Shopping Center, Tree lighting, Business store front or any decorated location personal to you. The chosen winner will have their photo turned into an NFT (Non-Fungible Token) that will be auctioned off. In the spirit of giving, 100% of the sales proceeds will be donated to the winner's choice of charity or non-profit organization.

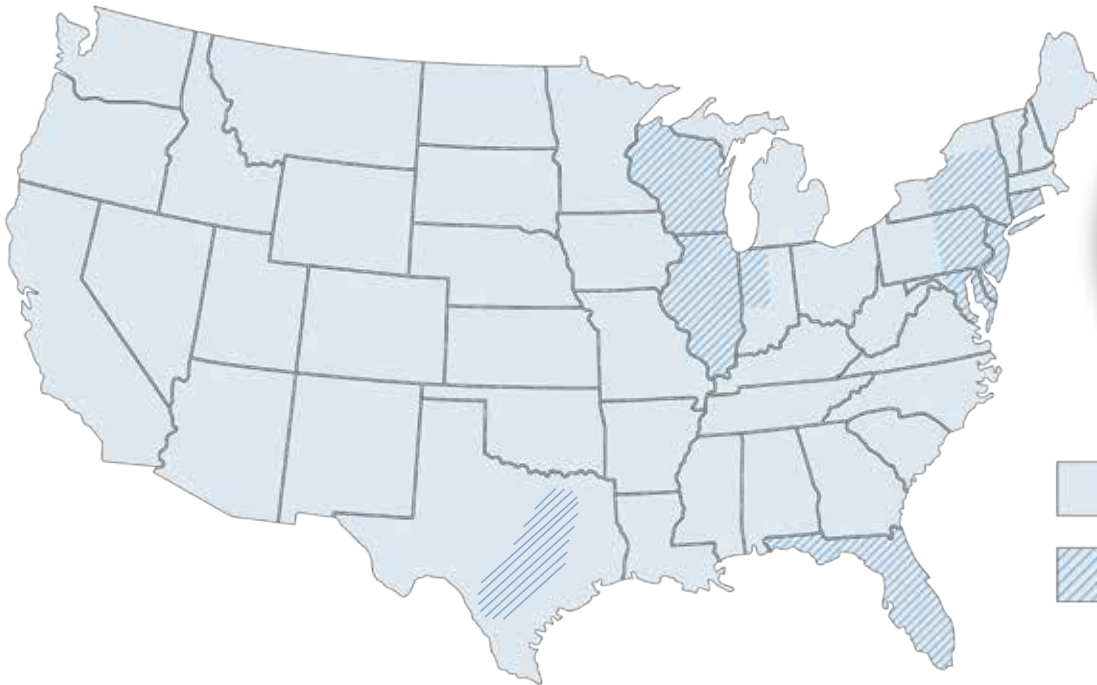

Follow us on social media and check out our site for updated contest details and rules

Our Promise to the Planet

At Holiday Outdoor Decor, we're as passionate about our planet as we are about our products!

We have always been committed to being kind to the planet. In addition to reducing our carbon footprint with low-impact LED lighting and purchasing carbon offsets, we are working to reduce our resource consumption by offering **more** product information online and less in our printed catalog.

Finally, we're proud to announce a new partnership with One Tree Planted, a 501c3 corporation that's dedicated to the sustainability of our planet. **For every person that opt-outs of our paper catalog and opt-ins to digital, we will plant one tree!**

Our goal is to plant 20,000 trees by the end of 2022 with your help. Please visit www.holidayoutdoordecor.com/gogreen/ or scan the QR code to learn more about our efforts and help us make the planet a better place!

The magic is in the lamp!

LED lamps look like a regular lamp, but try stepping on one! They are virtually indestructible. And, since they use so much less energy, they will save you on your energy bill. They also stay cool to the touch all the time. Our website is dedicated to LED bulbs. You'll get great prices and a large selection.

Most are available in the following Colors:

Warm White, Cool White, Red, Blue, Orange, Purple, Yellow, Green, Pink
